

Facebook Policy

The L&M u3a Facebook page is open to the public and therefore must be treated as such. Care must be taken to ensure it complies with GDPR regulations and that all content is suitable, legal and not offensive to any person or group of people. Any submissions or posts will be rejected if they do not comply with these conditions.

The L&M u3a Facebook page is curated by a u3a member. Its purpose is to inform u3a members, potential members and the wider public about L&M u3a activities in order to:

- Aid recruitment
- Publicise our activities
- Celebrate our members

Posts are submitted to the curator who will put them into a publishable format. The post will then be returned to the submitter so they can check they are happy with the post. It will then appear on Facebook. Particular attention must be paid to ensuring that permission has been given by members who appear in photographs and any one whose details appear on the page.

Any potentially controversial posts must be referred to the Committee member who is the Facebook liaison. In these circumstances, the member who submitted the post will be given feedback.

In the event of any dispute, or complaint by a u3a member, the Committee reserves the right to ask posts to be removed immediately.
